Assalamu'alaikum Warahmatullahi Wabarakatuh,
Salam sejahtera bagi kita semua,
Shalom, Om Swastiastu, Namo Buddhaya, Salam Kebajikan.

Puji dan syukur kita panjatkan ke hadirat Tuhan Yang Maha Esa, karena atas rahmat dan karunia-Nya, kita kembali dapat menyambut penyelenggaraan **Indonesia International Electronics and Smart Appliances Expo (IEAE) Indonesia 2026** yang berlangsung pada **5–7 Agustus 2026** di **JIExpo Kemayoran, Jakarta**.

Atas nama **Asosiasi Pengusaha Komputer Indonesia (APKOMINDO)** dan **Asosiasi Pengusaha Teknologi Informasi dan Komunikasi Nasional (APTIKNAS)**, saya menyampaikan apresiasi dan penghargaan yang setinggi-tingginya kepada **Chaoyu Expo, PT Peraga Inter Convex**, seluruh panitia, exhibitor, sponsor, mitra strategis, serta seluruh pihak yang telah bekerja keras sehingga IEAE Indonesia terus berkembang menjadi salah satu pameran elektronik dan smart appliances bertaraf internasional yang diperhitungkan di kawasan Asia.

Merupakan kebanggaan tersendiri bagi kita bahwa IEAE pertama kali diselenggarakan di Indonesia pada tahun 2017, kemudian berkembang ke berbagai negara, termasuk Tiongkok, Vietnam, dan Rusia. Perkembangan tersebut menunjukkan bahwa IEAE telah menjadi platform internasional yang mampu mempertemukan produsen, pemilik merek, distributor, importir, retailer, *professional buyer*, pelaku *e-commerce*, serta berbagai pemangku kepentingan dalam satu ekosistem bisnis yang produktif dan saling menguntungkan.

IEAE Indonesia 2026 bukan sekadar pameran produk elektronik dan peralatan rumah tangga pintar. Lebih dari itu, IEAE merupakan wadah kolaborasi, pertukaran pengetahuan, transfer teknologi, serta pengembangan jaringan bisnis yang memperkuat daya saing industri elektronik nasional. Melalui ajang ini, para pelaku industri dapat menyaksikan berbagai inovasi terkini di bidang **consumer electronics, smart home, mobile accessories, audio video, smart devices**, hingga berbagai solusi teknologi yang mendukung transformasi digital.

Saat ini dunia tengah memasuki era **Artificial Intelligence, Internet of Things (IoT), Cloud Computing, Big Data**, hingga **Agentic AI** yang akan mengubah cara manusia bekerja, berproduksi, berkomunikasi, dan menjalankan bisnis. Oleh karena itu, kemampuan untuk beradaptasi terhadap perkembangan teknologi menjadi faktor utama dalam memenangkan persaingan global.

Saya selalu meyakini bahwa yang akan unggul di masa depan bukanlah mereka yang paling besar, melainkan mereka yang paling cepat berinovasi, mampu berkolaborasi, dan berani melakukan transformasi.

Karena itu, APKOMINDO dan APTIKNAS mengajak seluruh pelaku industri elektronik nasional untuk memanfaatkan IEAE Indonesia 2026 sebagai momentum memperluas jaringan bisnis, menjalin kemitraan strategis, membuka peluang investasi, serta mempercepat adopsi teknologi digital dalam menghadapi tantangan ekonomi global.

Sebagai asosiasi yang telah menjadi bagian dari perjalanan industri teknologi informasi Indonesia selama lebih dari tiga dekade, APTIKNAS bersama APKOMINDO akan terus mendorong lahirnya kolaborasi antara industri, pemerintah, akademisi, komunitas, dan media dalam membangun ekosistem digital Indonesia yang semakin kuat. Kami juga berkomitmen mendukung pengembangan sumber daya manusia melalui berbagai program pelatihan, sertifikasi profesi, seminar, *business matching*, serta pengembangan talenta digital yang mampu bersaing di tingkat internasional.

Di sisi lain, melalui PERATIN, kami juga terus mendorong terciptanya kepastian hukum dalam ekosistem teknologi informasi sehingga transformasi digital dapat berlangsung secara aman, sehat, dan berkelanjutan.

Saya percaya bahwa keberhasilan sebuah pameran tidak hanya diukur dari besarnya nilai transaksi yang tercipta, tetapi juga dari lahirnya kolaborasi baru, terbukanya peluang investasi, meningkatnya transfer teknologi, serta semakin kuatnya kepercayaan antarpelaku industri.

Akhirnya, saya mengajak seluruh anggota APKOMINDO, APTIKNAS, mitra industri, distributor, importir, retailer, *professional buyer*, pelaku *e-commerce*, serta seluruh pemangku kepentingan untuk hadir dan memanfaatkan kesempatan emas ini.

Mari kita jadikan **IEAE Indonesia 2026** sebagai momentum untuk memperkuat kolaborasi, mempercepat inovasi, meningkatkan daya saing industri elektronik nasional, serta bersama-sama mewujudkan Indonesia sebagai pusat pertumbuhan ekonomi digital dan industri teknologi di kawasan Asia Tenggara.

Semoga penyelenggaraan **IEAE Indonesia 2026** berjalan dengan sukses dan memberikan manfaat sebesar-besarnya bagi kemajuan industri elektronik Indonesia.

Terima kasih.

Wassalamu'alaikum Warahmatullahi Wabarakatuh.

Ir. Soegiharto Santoso, S.H. (Hoky)
Ketua Umum APKOMINDO
Pendiri dan Ketua Umum APTIKNAS
Sekretaris Jenderal PERATIN

+++++

Assalamu'alaikum Warahmatullahi Wabarakatuh,

Peace be upon us all.

It is my great pleasure to welcome all exhibitors, business leaders, industry professionals, partners, and distinguished guests to the **Indonesia International Electronics and Smart Appliances Expo (IEAE) Indonesia 2026**, taking place on **5–7 August 2026** at **JIExpo Kemayoran, Jakarta, Indonesia**.

On behalf of **APKOMINDO** and **APTIKNAS**, I would like to express my sincere appreciation to **Chaoyu Expo, PT Peraga Inter Convex**, all organizers, exhibitors, sponsors, strategic partners, and everyone whose dedication has made IEAE Indonesia one of the region's leading international exhibitions for the electronics and smart appliances industry.

We are proud that IEAE was first introduced in Indonesia in 2017 before expanding to several countries, including China, Vietnam, and Russia. This remarkable growth reflects IEAE's important role as a global business platform connecting manufacturers, brand owners, distributors, importers, retailers, professional buyers, e-commerce businesses, and industry stakeholders from around the world.

IEAE Indonesia 2026 is much more than a product exhibition. It serves as a strategic platform for business networking, technology exchange, innovation, investment, and international collaboration. The exhibition showcases the latest developments in consumer electronics, smart home technologies,

mobile accessories, audio and video solutions, home appliances, and many other emerging innovations that are shaping the future of our industry.

Today, we are entering a new era driven by **Artificial Intelligence (AI), the Internet of Things (IoT), Cloud Computing, Big Data, and Agentic AI**. These technologies are transforming the way businesses operate, make decisions, serve customers, and compete in the global marketplace.

I firmly believe that the companies that will succeed in the future are not necessarily the largest, but those that innovate the fastest, embrace collaboration, and continuously adapt to technological change.

For this reason, APKOMINDO and APTIKNAS encourage all participants to maximize the opportunities offered by IEAE Indonesia 2026. Let this exhibition become a gateway for expanding business networks, building strategic partnerships, attracting new investments, and accelerating digital transformation across Indonesia's electronics industry.

As one of Indonesia's leading ICT business associations, APTIKNAS, together with APKOMINDO, remains committed to strengthening collaboration among industry, government, academia, business communities, and the media. Through education, professional certification, seminars, business matching programs, and digital talent development, we aim to contribute to a stronger and more competitive national digital ecosystem.

At the same time, through PERATIN, we continue to promote legal certainty and good governance in information technology, ensuring that digital transformation develops in a secure, trusted, and sustainable environment.

The true success of an international exhibition should not only be measured by business transactions, but also by the creation of new partnerships, technology transfer, investment opportunities, and stronger international cooperation.

I warmly invite all members of APKOMINDO, APTIKNAS, our industry partners, distributors, importers, retailers, professional buyers, e-commerce companies, and all stakeholders to participate actively in IEAE Indonesia 2026.

Together, let us strengthen collaboration, foster innovation, accelerate digital transformation, and enhance the competitiveness of Indonesia's electronics industry while positioning Indonesia as one of Southeast Asia's leading technology and digital economy hubs.

I wish all exhibitors, visitors, and delegates a productive exhibition and every success during **IEAE Indonesia 2026**.

Thank you.

Wassalamu'alaikum Warahmatullahi Wabarakatuh.

Ir. Soegiharto Santoso, S.H. (Hoky)

ASOSIASI PRODUSEN PERALATAN LISTRIK INDONESIA

GEDUNG NAYA PRAMUKA, LANTAI 3

JL. RAWAMANGUN NO.59C, PRAMUKA - JAKARTA PUSAT No. Tlp : 021-21480020

Kata Sambutan

Ketua Umum Asosiasi Produsen Peralatan Listrik Indonesia (APPI)

Bapak Yohanes Purnawan Widjaja,

Salam Sejahtera,

Dengan memanjatkan puji syukur ke hadirat Tuhan Yang Maha Kuasa atas limpahan rahmat dan karunia-Nya, Dewan Pengurus Asosiasi Produsen Peralatan Listrik Indonesia (APPI) menyambut baik dan mendukung sepenuhnya penyelenggaraan **The 8th Indonesia International Electronics and Smart Appliances Expo (IEAE) 2026** yang akan dilaksanakan pada tanggal **5 – 7 Agustus 2026** di **Jakarta International Expo (JIExpo) Kemayoran, Jakarta Pusat**.

Asosiasi Produsen Peralatan Listrik Indonesia (APPI) turut mendukung dan berpartisipasi dalam IEAE 2026 karena tidak dapat dipungkiri bahwa perkembangan industri peralatan listrik memiliki peranan yang sangat penting dan berkaitan erat dengan kemajuan industri elektronik, peralatan rumah tangga, serta teknologi perangkat pintar yang terus berkembang pesat di Indonesia maupun pasar global.

Penyelenggaraan **The 8th Indonesia International Electronics and Smart Appliances Expo 2026** sebagai pameran berskala internasional yang menampilkan berbagai produk, teknologi, dan inovasi terkini merupakan sarana yang sangat strategis untuk mempertemukan para pelaku industri, mulai dari produsen, distributor, agen, importir, retailer, hingga pengguna akhir dan pemangku kepentingan terkait. Melalui pameran ini, diharapkan tercipta pertukaran informasi, pengalaman, serta peluang kerja sama yang dapat mendorong pertumbuhan industri elektronik dan smart appliances yang lebih inovatif, kompetitif, dan berkelanjutan.

Mengingat pentingnya peran pameran ini dalam mendukung perkembangan industri nasional, kami mengajak seluruh Anggota APPI untuk memanfaatkan kesempatan ini sebaik-baiknya sebagai wadah promosi, perluasan jaringan bisnis, serta pengembangan pasar. Kepada **PT Peraga Nusantara Jaya Sakti** selaku penyelenggara, kami menyampaikan apresiasi dan terima kasih atas perhatian, kerja sama, dan komitmennya dalam menghadirkan platform bisnis yang bermanfaat bagi seluruh pelaku industri.

Semoga penyelenggaraan **The 8th Indonesia International Electronics and Smart Appliances Expo (IEAE) 2026** dapat berjalan dengan lancar dan memberikan manfaat yang sebesar-besarnya bagi kemajuan industri elektronik dan peralatan listrik di Indonesia.

ASOSIASI PRODUSEN PERALATAN LISTRIK INDONESIA

YOHANES P. WIDJAJA

Ketua Umum

Kami ucapkan selamat atas penyelenggaraan Pameran Indonesia International Electronic & Smart Appliances Expo (IEAE) 2026 yang akan berlangsung pada tanggal 5-7 Agustus 2026 di Jakarta International Expo (Expo) Kemayoran, Jakarta.

Indonesia International Electronic & Smart Appliances Expo akan menjadi wadah bagi para pelaku usaha untuk saling bertukar informasi, menambah wawasan, memperluas jejaring bisnis dan memperkenalkan produk elektronik dan kelistrikan terkini kepada konsumen secara langsung.

Produk-produk elektronik dan kelistrikan saat ini mengalami perkembangan sangat pesat sejalan dengan berkembangnya teknologi. Hal ini harus mendorong pelaku usaha lokal untuk terus meningkatkan inovasinya dalam menciptakan produk berteknologi, multifungsi dan sesuai kebutuhan pasar.

Pameran yang ke 8 diselenggarakan setiap tahun semakin berkembang, ditandai dengan semakin maraknya Peserta Pameran dan Produk yang semakin inovatif yang dipamerkan.

Moment yang baik ini diharapkan dapat menarik investasi industri elektronik didalam negeri sebagai pemasok pasar lokal sekaligus mendorong peningkatan ekspor.

Sebagai salah satu ajang promosi dan perdagangan, pameran bukan saja bermanfaat dalam upaya meningkatkan hubungan dagang antara peserta dengan buyers, tetapi juga dapat memberikan informasi kepada kita sejauh mana kemajuan yang telah dicapai oleh Indonesia.

Kegiatan pameran ini merupakan sebagai undangan kepada masyarakat di dalam maupun luar negeri untuk berinvestasi dan mengupdate perkembangan teknologi terbaru serta membuka peluang bisnis di Indonesia.

Pameran IEAE 2026 diikuti banyak perusahaan-perusahaan dari China, Taiwan, Jepang dan negara lainnya. Adapun jumlah pengunjung yang datang diperkirakan akan banyak dari seluruh industri dari hulu hingga hilir yang terkait dengan industri elektrikal/kelistrikan juga teknologi pendukungnya.

Kami mengucapkan selamat kepada PT Peraga Expo dan Chaoyu Expo sebagai penyelenggara event yang sangat berpengalaman dan dapat mengkemaskan dengan baik akan sangat bermanfaat bagi eksibitor maupun pengunjung pameran. Semoga tetap dapat meraih sukses di dalam penyelenggaraan di tahun tahun berikutnya.

Untuk itu, saya ucapkan selamat dan sukses atas penyelenggaraan pameran ini. Semoga dalam pameran ini dapat berjalan dengan baik dan turut mendukung peningkatan kualitas perlengkapan dan listrik produk dalam negeri sehingga bisa bersaing dikancah internasional.

Terima kasih.
Salam hormat.

John Manoppo
Ketua Umum

Guangdong Aoyun Technology Co., Ltd.
Established in 2022, formerly Shenzhen Zhonglian Lingshang Technology Co., Ltd., Guangdong Aoyun Technology is an integrated high-tech enterprise specializing in R&D, manufacturing and global distribution. We operate a self-built production base spanning over 52,000 m² (approx. 560,000 sq ft) and employ a workforce of more than 600 professionals across R&D, sales, production and operational functions. Our core portfolio consists of 7 major product lines, focused on motor and battery solutions, jump starters (truck auxiliary batteries), portable energy storage stations, hand warmers, rechargeable fans and power banks. We are actively developing next-generation products including household space heaters (air-conditioning alternative heating), riding flashlights and more. Committed to delivering premium products through cutting-edge technology and rigorous quality control, we hold internationally recognized certifications including ISO9001, ISO14001 and BSCI, ensuring full compliance with global environmental and safety standards. Our manufacturing capabilities feature automated injection molding lines, SMT production lines, and the world's only fully automated energy storage assembly line. With a China-based foundation and a global vision, we have established overseas warehouses in New York, Los Angeles, New Jersey, Florida and Texas. Beginning in 2026, we will expand the Aaoyun brand sales network into 94 countries across South America, Africa, Southeast Asia and the Middle East, further enhancing international supply chain efficiency and customer service excellence. Guided by our philosophy - "Innovation-Driven, Quality-First, Serving the World" - we continuously advance technological innovation and product upgrading to foster win-win partnerships with customers and allies worldwide. Moving forward, we remain dedicated to this mission, solidifying our global presence through superior quality and professional service.

湛江市小家电（厨房电器）基地 （广东省外贸转型升级基地）

Zhanjiang Small Household Appliances (Kitchen Appliances) Base (Guangdong Province Foreign Trade Transformation and Upgrading Base)

广东省湛江市小家电（厨房电器）省级外贸转型升级基地，是我国产业集群规模较大、产业链完整、市场占有率高的家电产业基地，是我国著名的电饭锅整机生产基地和主要的小家电出口基地之一。基地区域特色鲜明，主要产品有电饭锅、电磁炉、慢炖煲、电压力锅、电热水壶、蔬果调理机、电冰箱、抽油烟机、电风扇等50多种厨房电器，先后获得“中国电饭锅产业基地”、“中国电饭锅之乡”、“中国小家电产业基地”等称号。基地产业优势明显，家电产业及上下游紧密配套的企业共800多家，形成了由产品研发、模具制作、配件生产、成品总装、质量检测、物流配送和内外贸易构成的完整产业链，基地电饭锅年均产量超一亿台，其中电饭锅产量约占全国的40%，电热水壶产量约占全国的80%，高新技术产品产值达100多亿元。基地品牌知名度高。家电基地拥有国内外注册商标200多个，中国驰名商标10个，授权专利500多项，主要国际市场认证300多个。产品出口市场广。基地产品远销美国、巴西、澳大利亚、南非、德国、俄罗斯、泰国、欧洲、非洲等122个国家和地区，覆盖国内300多个地级市。

The provincial foreign trade transformation and upgrading base for small household appliances (kitchen appliances) in Zhanjiang, Guangdong Province, is a large-scale home appliance industrial cluster in China with a complete supply chain and high market share. It is also the well-known production bases for rice cookers and one of a major export base for small household appliances in China. The base features distinctive regional characteristics, with over 50 types of kitchen appliances such as rice cookers, induction cookers, slow cookers, electric pressure cookers, electric kettles, fruit and vegetable blenders, refrigerators, and range hoods. It has been honored with titles including "China Rice Cooker Industry Base," "Hometown of China Rice Cookers," and "China Small Household Appliances Industry Base." It demonstrates significant industrial advantages, and is supported by over 800 enterprises closely linked in the home appliance industry and its upstream and downstream sectors, forming a complete industrial chain that encompasses product R&D, mold manufacturing, component production, final assembly, quality inspection, logistics and domestic distribution as well as foreign trade. The annual output of rice cookers in the base exceeds 100 million units, accounting for approximately 40% of China's total output. The production of electric kettles constitutes about 80% in national total and the output value of its high-tech products exceeds 10 billion RMB. The base enjoys high brand recognition with over 200 registered trademarks domestically and internationally, including 10 China Well-Known Trademarks, more than 500 authorized patents and over 300 major international market certifications. Products in the base enjoy a broad export market, and are exported to 122 countries and regions, including the United States, Brazil, Australia, South Africa, Germany, Russia, Thailand, Europe, and Africa, and are distributed in over 300 prefecture-level cities across China.

The Indonesia International Electronics & Smart Appliances Expo will be held at Jakarta International Expo from August 5 to 7, 2026. The exhibition gathers high-quality buyers from Indonesia and broader Southeast Asia to create precise matching between suppliers and purchasers. Coordinated with the Vietnam exhibition series, it empowers Chinese enterprises to deploy core ASEAN markets in one stop, cultivate local distribution channels in Indonesia, and seize development dividends from Southeast Asia's largest economy.
